PRICE IMPROVEMENT! STILL AVAILABLE!

You have to see this property! This home may be one of the most unique homes I have seen in a while, combining classic finishes with modern updates. Featuring 2600 square feet of total finished living space, 4 bedrooms, 3 bathrooms, and a double car heated garage, which is fully drywalled with an additional storage mezzanine. This home will certainly turn some heads. This house showcases 2 wood burning stoves, a wet bar, and enclosed cedar hot tub room, and comes with a pool table! There have been some recent flooring updates, as well as the bathrooms have recently been completely renovated in the last few years. There is an additional off-street parking pad that features a double swing gate, and the back deck is perfect for hosting large gatherings of people. You have to see this home to truly appreciate how inviting the space is. Contact your favorite REALTOR® to book a showing.
