Residential on 0.11 Acres

Fairmont, Lethbridge, Alberta

This gorgeous executive two story home has very low maintenance yards and the interior has been completely updated including window coverings, floor coverings, kitchen cabinets, new quartz counter tops, all doors and trim completely repainted and lighting updated with LED. All four bedrooms are connected to their own ensuite with the two upper bedrooms creating a Jack and Jill access to the bathroom. The garage is insulated and heated with an electric overhead heater. In 2014 the shingles were replaced with 50 year Owens-Corning hail resistant shingles. The hot water heater was replaced in 2015. The back deck is enclosed creating a wonderful wine/three season sitting room (10' x 14') leading to a large cement patio. There is an interlocking walkway from the deck to a quiet 10'x10' interlocking brick patio under the back yard trees.
